12th November 2020

Dear Colleague,

Trust you are well during this period and after an extremely exhausting year so far.

I would like to make use of this opportunity to invite you and your association formally to the first Webinar, being hosted by the South African Head and Neck Oncology Society (SAHNOS), the **2nd December 2020, 19H00 CAT.**

This is an International collaboration between SAHNOS and the International Federation of Oncological Societies (IFHNOS) and I am proud to say the international and local faculty, consists of world-recognized speakers in the field of head and neck oncology. This webinar is also an initiative to revive the South African Head and Neck Oncology Society, being inclusive and to include all the disciplines being involved in the field of head and neck oncology.

This is an opportunity to build relationships, national and international and to combat oncology in the field of head and neck, being a passion for all of us being engaged in this subspecialty of medicine.

We as SAHNOS look forward seeing you the 2nd December 2020 and I am proud to say it is free and CPD accredited.

Kind regards and look after yourself during this pandemic we are facing.
